## COOLING DOWN

CRIPPLE CREEK DISTRICT  
GAINING NORMAL CONDITION

## UNION MINERS MUST GO

Union Miners are Being Deported by the Military and Citizens.—Non-Union Miners are Re-opening.—Heavy Cost of Strikes.

Cripple Creek, Colo., June 10.—General Sherman Bell, the military commander, has ordered 97 members of the Miners' Union to be taken outside of Teller county on a special train this afternoon in accordance with the recommendations of the citizens' committee which examined them. This committee was in session nearly all night investigating the cases of 100 other men who were confined in the Victor army, and they submitted another report to General Bell today recommending further deportations. General Bell said today: "Within forty-eight hours the district will be rid of all the agitators and other objectionable men. One deportation after another will be made until none of the men who have terrorized the district will be left here." Sheriff Bell has issued an order that all the saloons in the district must remain closed until Monday, June 13.

Victor, Colo., June 10.—The coroner's jury has begun the investigation of the explosion at Independence last Monday morning. The crew of the train which pulled in at Independence at the time of the explosion gave their testimony, but nothing of importance developed.

Cripple Creek, Colo., June 10.—The excitement and disorder throughout this district resulting from the terrible dynamite outrage at Independence last Monday are gradually subsiding, and an attempt is being made today to restore normal conditions. Work was resumed this morning at the mines employing non-union men that had been closed since Monday, the Stratton at Independence, owned by an English company, being the first to re-open. The Portland mine is closed by General Bell, and its 500 employees will be forced, General Bell has said, to abandon the union or to leave the district. Employers in all branches of business in this city so far as canvassed have signed without exception the agreement prepared by the citizens' alliance not to employ union labor. The streets are quiet today, and no further trouble is anticipated.

Denver, Colo., June 10.—The Republican today estimates the cost of the various strikes in Colorado during the past 16 months under the administration of Governor James Peabody to aggregate \$23,036,000. Of this amount the cost to the state has been \$636,000. The loss to employers through idle capital, interests, profits etc., is \$5,000,000. The loss to the strikers and allied trades depending on the industry closed down is placed at \$17,400,000.

Denver, Colo., June 10.—Governor Peabody today gave out the following private telegram which was received by him from Congressman Hogg last Monday:

"Telluride, June 6.—I guess you had better call off the foolishness here. J. H. M. Hogg."

Congressman Hogg has been re-

tained by the threatened miners of San Miguel county to represent them in all legal proceedings.

Run Over by Train.  
Colorado Springs, Colo., June 10.—Norman C. Jones, of Manitou, one of the pioneers of Colorado Springs was instantly killed today by a Rio Grande train in this city. He was walking on the tracks and evidently did not hear the train, as he was hard of hearing. Jones was the discoverer of the "Cave of the Winds" near Manitou, and has been in almost constant litigation in the effort to recover the ownership since it passed out of his hands.

Russians are Driven From a Number of Small Towns.—Russian Minister to Switzerland Shot and Severely Wounded.—Would-be Assassin Arrested.

Liao Yang, Russian Headquarters.  
Thursday.—General Kuropatkin is expecting reinforcements and as soon as they arrive will advance from Liao Yang and important developments can be hourly expected. Persistent reports are in circulation of a battle at Port Arthur, that place being attacked by land and sea. Nothing definite is known, however, except that an attack made by the Japanese did not succeed.

Fusan, June 10.—The First Japanese army has been engaged in a most important operation. For more than two days past four columns have been reconnoitering roads toward Liao Yang, Hai Cheng, Saimatsea and Siu-Yen and have occupied the towns mentioned, dislodging the Russians, numbering several hundred from each after sharp fighting. The Japanese casualties were sixty-five men killed and wounded.

Seoul, June 10.—A force of Russian troops the strength of which is not known is reported to have arrived at Chen Yong and to be moving west.

Liao Yang, June 10.—The suddenly increased Japanese activity in the neighborhood of Siu Yen west of Feng Wang Cheng is believed to be rather in the nature of feints to distract attention from Port Arthur than a serious forward movement. General Kuropatkin is in a position to act promptly in the event of developments of real importance.

Berne, Switz., June 10.—The Russian minister here, M. V. V. Jadovanski, was shot in the head here this afternoon and severely wounded. The would-be assassin has been arrested. His identity has not yet been ascertained.

The report of the Secretary C. W. DeFreest was read and accepted. After a short discussion as to the advisability of imposing certain duties on the vice-presidents, the meeting adjourned.

## THE NEW BAILEY.

The New Justice of the Peace Establishes Temporary Quarters.  
Judge Bailey's court room yesterday at his temporary quarters in the Callisher block over the Amonett

saddle store, was a veritable sweat box for witnesses, spectators, defendants, attorneys and all present. The room is entirely without ventilation, and is lighted by a closed skylight. It was the only room His Honor could find at the present time in the new precinct south of Second street, and only rented it for one week in the hope that he could find more suitable quarters. The first cases to occupy the attention of the court after several cases were set for today was the charge against two of the inmates of one of the bawdy houses for entering certain saloon and standing at the bar. Frankie Nichols and Hazel Rogers pleaded guilty to the charge and were fined \$10 and costs each, the costs in each case amounting to \$16.57. They were fined the maximum on this charge.

The next case was that of Dr. Geo. M. Nye on the charge of having a six shooter. The case was heard by a jury composed of L. B. Rose, Captain Sansom, Ben Daniel, Dad Moon, Harry Hilde, and Harry Carmack. Sr. W. W. Gatewood defended Nye and Prosecuting Attorney Hervey, as assisted by City Attorney Patton conducted the prosecution. The evidence developed the following facts. Police man Cathey went to one of the disreputable houses, and Dr. Nye was there, and the question of six shooters arose. Dr. Nye who had given his gun to the mistress told her to bring out the gun he had given her for safe keeping as he wanted to show it to Cathey. The gun was produced, and as soon as Dr. Nye got his hands on same Cathey arrested him on the charge of carrying a six shooter. The mistress of the house testified that Nye did not appear at the house in an angry manner and came there for the purpose of treating an inmate of the house who was afflicted with sore eyes, and that he had been there on several occasions for this purpose. Nye did not take the stand in his own defense. Judge Gatewood spoke at some length and one claim was that Nye might have been a deputy sheriff. Attorney Hervey said he was willing to introduce witnesses on this point, but Judge Gatewood replied that the evidence was closed and that he should have had the witnesses brought out before that time. The jury was out only a few minutes when they rendered a verdict of not guilty.
